EDUCATION

Industrial Diploma - Electrical Equipment Department

2014 - 2016

SKILLS

- Residential electrical wiring (220V & 360V)
- Electrical troubleshooting and repair
- Distribution panel installation
- Cable pulling for outdoor lighting
- Reading electrical schematics
- Safety protocols and hazard handling

PROFILE

Dedicated and highly skilled Electrical Technician with over 10 years of hands-on experience in residential electrical systems (220V & 360V). Expert in internal house wiring, installing distribution panels, and troubleshooting electrical issues with precision and safety. Additionally experienced in outdoor electrical systems including transformers, cable pulling, and street lighting installation. Proven ability to deliver high-quality work across various engineering offices and industrial environments.

WORK EXPERIENCE

RESIDENTIAL & SITE ELECTRICIAN

Future Engineering Office

June 2019 - march 2020

- Led electrical installations for homes and small commercial sites.
- Ensured proper grounding and load distribution for safe energy usage.
